

Alzheimer's: Overview and Caregiving Services *Presented in Mandarin*

Fremont Main Library, Fukaya A Room
2400 Stevenson Blvd., CA 94538
Saturday, May 16 - 2 - 4 p.m.

Alzheimer's is a disease that robs individuals of their memories and their abilities. With age, comes an increased risk of developing Alzheimer's. For those over 85, this risk reaches 42%.

The Fremont Main Library, in cooperation with the *Alzheimer's Association*, Northern California and Nevada, will present an informational program.

Citizens for a Better Community is also a sponsor for this event and will provide refreshments. Given entirely in Mandarin, the program will include an overview of Alzheimer's, covering normal aging, signs and symptoms of Alzheimer's, caregiving, current research, and much more.

Adult day care and support services will also be discussed.

For more information, please call 510-745-1401.

all library programs are FREE
